

WHY ME?

I have lived in Banyule for most of my adult life and am passionate about people, animals, nature, and conservation. I am committed to promoting transparent, responsible, and genuine sustainable development and procurement while preserving the unique character of our community.

I have a robust business background, having operated my own businesses and worked in retail across corporate and food industries. Additionally, I earned an MBA from Swinburne University in 2017.

I have actively engaged with Banyule for over 15 years, participating in meetings and consultation sessions. I am committed to supporting all demographics and will not discriminate against any residents or visitors—we are one community. My goal is to safeguard employment and service opportunities for all residents.

Family, friends, and community are vital to me. I am committed to making Banyule a wonderful place to live and work, where everyone can celebrate their heritage and beliefs with respect and love.

Yours sincerely,
Melissa Murphy-Webster
